HRH Prince Naif bin Abdul Aziz
Minister of Interior

Your Royal Highness,

Assalaam Alaikum wa Rahmatullah wa Barakatuhu.

We have received disturbing reports that a number of Egyptians working legally in Saudi Arabia have been arrested, their passports confiscated, and have been forbidden to leave the country.

Our information is that these Egyptians have been totally law-abiding, and have been working legally and correctly in the kingdom. We therefore appeal to you to order their immediate release and to reinstate their rights and return their passports to them. If there is any intention of deporting them to Egypt, maybe at the request of the Egyptian government, we would remind you of your late father, King Abdul Aziz, who received all who sought refuge in Saudi Arabia and kept them in accordance with the Islamic traditions. We pray that you will continue to follow this noble path.

May Allah bless you and guide you.

Yours sincerely,

Elrahim
